

Where we are

As partners of the Wisconsin Initiative to Promote Healthy Lifestyles, these clinics provide cost-effective, evidence-based screening, brief intervention, and referral-to-treatment services to all patients 18 and older once a year as part of any health care visit (some clinics also serve adolescents).

Since March 2007, WIPHL has provided:

More than 75,000 brief screens

More than 14,000 brief interventions

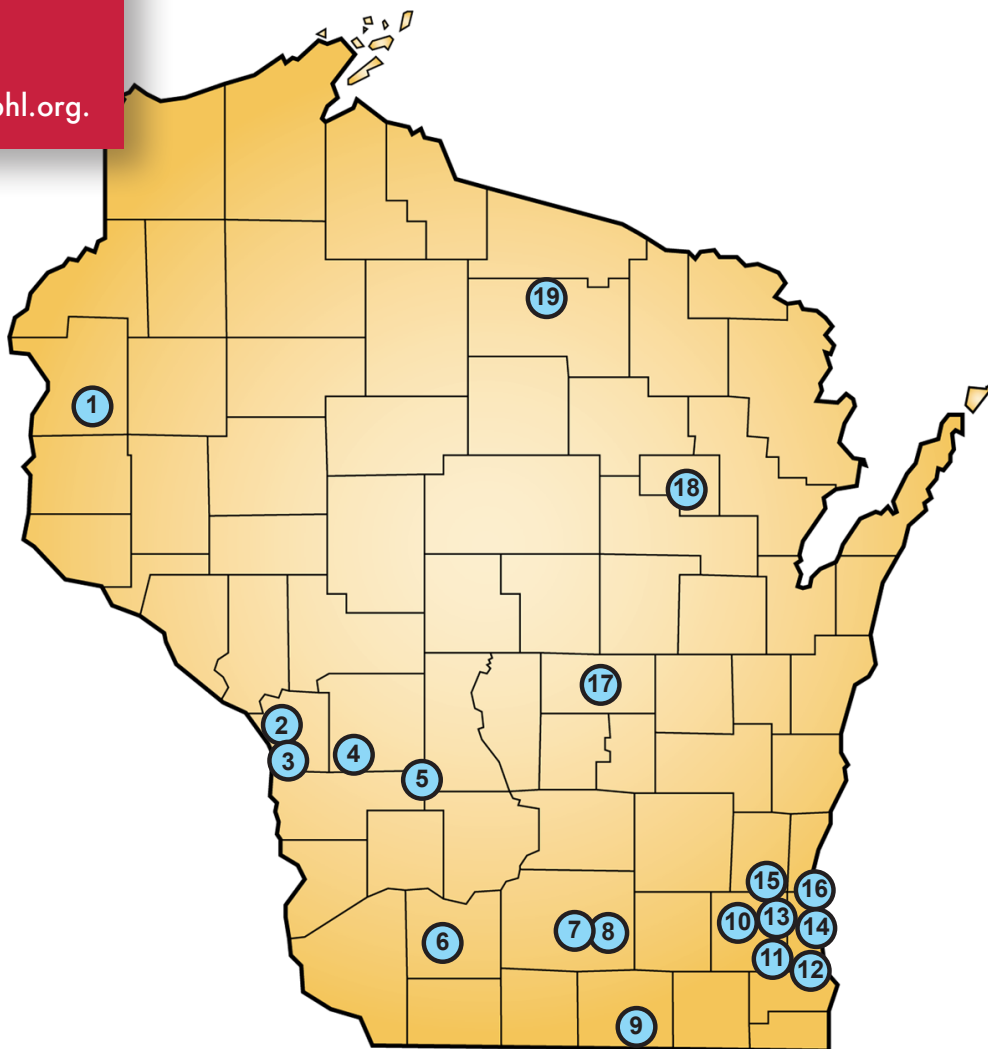

More than 300 referrals to treatment

More than 110 patients with treatment

For the latest numbers, please visit www.wiphl.org.
